

## NOTICE

---

The correction notice for the 2014 AHA/ACC Guideline for the Management of Patients With Valvular Heart Disease has been revised to reflect a change made to the guideline after the initial publication of the correction notice. The following erratum has been added to the notice:

2. Table 5, the dosage for Penicillin V potassium was changed from “200 mg orally BID” to “250 mg orally BID”. The table now reads:

Penicillin V potassium	250 mg orally BID
------------------------	-------------------

It previously read:

Penicillin V potassium	200 mg orally BID
------------------------	-------------------
